Did you know?...that our Interest Free Purchase Plan allows you to buy any drumkit, cymbals, congas etc.(brand new or second-hand) take it home that day and pay it off monthly over one or two years?

Our flexible purchase options are popular with everyone, especially families, students and senior citizens who prefer managing expenses monthly.

Features of the Plan include:

-INTEREST FREE GUARANTEE

Pay over one or two year with NO INTEREST! Why wait when you can have the kit or congas etc. of your dreams now and avoid inflation.

-NO DEPOSIT FOR MOST CONTRACTS

Purchase Plan is an affordable and relaxed way to purchase your drumkit. No deposit is required for most contracts. However, if for instance you chose to pay a 25% deposit this would markedly reduce your monthly repayments and show Studio 19 that you are indeed committed to this purchase. The larger the deposit the smaller the monthly repayment

We offer the flexibility of choosing either a one year (13 payments) or two year plan (25 payments), whichever suits you best. You may also select a preferred payment date to fit in with salaries or other budgetary demands.

-PAYMENTS MADE EASY

Just nominate either the direct debit option or the credit card (VISA, Mastercard or Bankcard) payment option, ensure there are enough funds in your account to cover payments, and within 12 to 24 months you will own your very own instrument!

-WE SAY YES 95% OF THE TIME

We are proud that we approve approximately 95% of applications and welcome applications from everyone - families, singles, full-time and part-time workers, university students and senior citizens.
